**Equipment, Design, and installation standards:** All new and retrofit geothermal heat pump systems must be installed by a licensed contractor certified by the International Ground Source Heat Pump Association (IGSHPA) and installed to the IGSHPA specifications available at the time of installation.

**TO QUALIFY**

- Must replace electric heat.
- All system components must be newly installed.
- Equipment must be Energy Star qualified.

**Documentation to submit with this form:**

- Final invoice listing the manufacturer, model number, type, size, cost of system.

A post-installation inspection may be required.

PTCS High Efficiency Heat Pump	Member Rebate
Ground Source Heat Pump Upgrade (Compressor only replacement)	\$ 350.00
Ground Source Heat Pump Upgrade or Conversion without Desuperheater	\$2,100.00
Ground Source Heat Pump Upgrade or Conversion with Desuperheater	\$2,500.00

Purchases must be made after 10/1/2023 and installed in FRE service territory to be eligible. All incentives are subject to availability and may change at any time. FRE reserves the right to inspect for program compliance. By signing, the Member certifies that the above information is true and accurate to the best of their knowledge.
