

NET METER VERIFICATION FORM

Instructions: This Net Meter Verification Form is required after the proposed on-site generation system is installed and after successful completion of a state and/or city electrical inspection.

PROJECT INFORMATION	
MEMBER NAME (LAST, FIRST, MIDDLE)	PROJECT LOCATION
METER NUMBER	ELECTRIC PERMIT NO.
ACCOUNT NUMBER	FINAL ELECTRICAL INSPECTION DATE
ARE THERE ANY ACCESS ISSUES TO THE METER (UNSECURED DOGS, ETC.)?	

Professional Certification

I, the undersigned, certify the above information is correct. I also certify that:

- System meets all required codes
- Has passed the city/state electrical inspection (Wyoming and Montana Not Applicable)
- System is operational, breaker and inverter are on
- The AC disconnect is in the closed or on position
- Required placards are in place. If disconnect is more than 10 feet or not visible from the meter, permanent directions to the disconnect have been placed next to the meter

Account Holder _____ Signature _____
