Fall River Electric is offering incentives to improve windows for commercial, industrial & agricultural buildings, with primary electric heat.

Contact the Conservation Specialist at Fall River Electric prior to starting your project at 800-632-5726.

Here's how to qualify for the rebate:

- 1- Complete Commercial Window Project Form (see attached document) & schedule a pre-inspection.
- 2- Install windows.
- 3- Contact Fall River for a post-inspection.
- 4- Submit documentation (receipts) of windows installed, NFRC windows stickers or NFRC report and rebate form to Fall River Electric.

Fall River Representative Use Only:			
Existing Windows Condition	Sq. Ft.	\$/Sq. Ft.	Total Rebate
Pre existing windows that are single pane, single pane with storms, or double paned metal frame		\$4.20	

Example of NFRC stickers:

Preconditions:

Window retrofits must be performed in an existing commercial building that has the following characteristics:

- Electrically-heated
- A total floor area under 20,000 square feet

Postcondition:

The replacement windows must have a National Fenestration Rating Council rated U-value of 0.30 or lower.

I certify that the window(s) was / were purchased and installed at the above address. I will allow a representative of Fall River Electric to verify installation of the window(s).

Term & Conditions:

Installed Date: _____

- Utility rebate amounts are subject to change and are only available while funds are available.
- The program requires pre-install approval prior to all installations receiving a rebate.
- Your incentive check should be received within 45 days after the completion of the post-inspection.
